

How to Work with a Project

1 **Wanted – Work on Time**

Don't wait until the last minute to do it.

2 Nobody likes a copy-cat! Nobody likes a copy-cat!

Write your own text with your own words.

3 Get comfortable with your subject -

Read, read and read some more

4 Break it down into small p i e c e s that you can do a little bit at a time.

— Use a mind-map to start with.

5 Try to turn your topic into some kind of a question that you can answer.

Have fun doing your project!
